This summer, the NW Natural Street of Dreams® will once again be calling Happy Valley home. This signature summer event, produced by the Home Builders Association of Portland Metro, will showcase talent and craftsmanship.

“

Each show home is a reflection of the unique and professional talents of builders, interior designers, craftspeople and landscape architects. This year will showcase homes from BC Custom Construction, Stone Bridge Homes NW, TA Liesy Homes NW, and Westlake Development with Suteki America.”

”

The homes will be open for tours daily during the month of August. Special events, such as the Celebrate Veterans day, Style at the Street, Wine and Whisky evening, and Chef Series are great opportunities to make your visit to the NW Natural Street of Dreams® an occasion to remember.
